

2019 Enduro World Club and Womza License applications

Dear Enduro World Club Members

Enduro World's 2018 Events were a huge hit and we thank you, our valued members, for your positive feedback and loyal support! An average of 206 riders per EWXC, and 245 riders per Mountain Madalas round is incredible given the economic climate over the last 12 months.

You're going to LOVE 2019
And here's why:

For 2019 we are focused on 3 key objectives:

1. Putting on fantastic routes at great venues.
2. Keeping the cost of participation in our events and the sport as low as possible for you, our members.
3. Offering appropriate classes so that all riders can be competitive and improve through setting and reaching goals.

Michelin EWXC Series 2019 - What's New

- 2 Fantastic new venues to add to the mix.
- New Starting Format.
- 14 Classes (New Class "Silver B") – More Competitive Racing for everyone.
- Cash Rewards for Supporting Sponsors - up to 20 riders at each event will receive cash back.
- Earlier Start Times means everyone Finishes Earlier.
- EW Club Member Discount Programme.

Round 1	26 January – New Venue near Harties
Round 3	13 April – New Venue

Round 2	2 March - Serendipity
Round 4	4 May - Heidelberg

Michelin Mountain Madalas Series 2019

- **CLARENS** – moved to **16 February** to avoid the icy cold. Will again be held at "Madeira Farm" which proved a Huge Hit, and we will now have more land available to us. Could the riding get any better there?
- **BERG** – will now be round 2, **18 May**. The rivers should be lower which opens up even more options to ensure another SUBLIME route.
- **ROUND 3** – **31 August** - Exciting new venue planned – book the date, you will want to do this one!

Michelin BOSS Extreme Enduro 2019

This all new event is going to be Properly Extreme. So you have done Roof and IMPI, but you are only a BOSS ENDURO RIDER when you have earned one of the 50 BOSS MEDALS available annually!

- It's not for everyone – only 150 entries available and to enter you need have finished Silver or Gold class at The Roof of Africa or The IMPI in the last 2 years. If you don't meet those criteria you can still apply and we will consider your entry on merit and spaces available.
- There is only 1 class and, for most participants, a finish will be the goal.
- After Day 2 only the fastest 50 riders compete on Day 3. Others who have finished Days 1 and 2 may ride, but they will not be eligible for an actual BOSS Finishers medal.
- The routes will be properly extreme along the lines of Red Bull Romaniacs and Erzberg, especially on Saturday. We don't expect many finishers.

8 to 10 August – Yes it clashes with Man & Machine but like we said – it's not for everyone.
