

What is Mountain Madalas?

Just the best enduro routes possible, in the best places in our beautiful country - no racing, no pressure, just good clean fun with friends and families. Aimed at mature riders who have come to appreciate a quality ride rather than just race pace. The route will be approximately 35 km's per lap, nothing extreme, but something for everyone & lots of fun.

Various route options and sections will be available to accommodate ability levels, each with different points values. Based on points scored you will be awarded either a Bronze, Silver or a Gold Madalas medal.

Too Young to be a Madala? New Rider?

No problem, you're welcome to ride with us old codgers ... as long as you can stand listening to the stories of how fast we were when we were your age. There will be a shorter, Green route as well.

Where will this round of Mountain Madalas be held?

The 21st edition of Mountain Madalas will be held at Four Rivers Adventures, 17 km's south of Winterton, KwaZulu Natal in the Central Drakensberg.
